National Health Plan 2011–2020

BACK TO BASICS
Strengthened primary health care for all and improved service delivery for the rural majority and urban disadvantaged.

IT’S YOUR RESPONSIBILITY

- I must be able to access health services when I need them, wherever I live.
- There must be enough skilled doctors, nurses, and other health workers to look after me.
- There must be proper health facilities and hospitals for me to go to.
- There must be the right medications and other supplies and equipment available to make me well.
- I must be able to go to health workers who are committed to my health and wellbeing and who work in a health system that functions fairly and efficiently.
- I must be fully immunised.
- My mother must have a skilled nurse/doctor with her when my brothers and sisters are born.
- My brothers and sisters will be planned and healthy with me.
- I must have safe drinking water and toilet facilities.
- I must have the right information and services to help me avoid or prevent diseases, illnesses, and injuries.
- I need my family to be healthy too, so they can take good care of me while I grow.
- I need the rest of my community to be healthy as well, so we can all be part of the Smart, Wise, Fair, Healthy, and Happy future for PNG.

Health is Everybody’s Business

Help me grow up Smart, Wise, Fair, Healthy and Happy
